The National Construction Authority (Amendment) Bill, 2022	1 st Read on 22/02/2023	It seeks to provide that women, youth and persons living with disabilities who own start-up businesses and who apply for registration as contractors shall be exempt from payment of prescribed fees.	This will recognize women, youth and persons living with disabilities as marginalized groups and cushion them from the burden of paying registration fees. Enhanced economic growth: The bill can contribute to overall economic growth by fostering the development of small businesses owned by women, youth, and persons with disabilities. Increased participation of these groups in the construction sector can result in a more vibrant and competitive industry, driving economic activity and generating revenue.

The National Transport and Safety Authority (Amendment) Bill, 2022	At the second reading stage. Second read on 19/04/2023 & 26/04/2023 (ongoing)	This Bill seeks to assign additional functions to the NTSA and the proposed additional functions include the establishment of systems and procedures for the regional registration and licensing of two and three-wheeled public motorcycles taxis and the regional registration and licensing of drivers of two and three-wheeled public motor cycle taxis by County government in consultation with the Authority.	The ability of two and three-wheeled public motorcycle taxis to manoeuvre feeder roads and settlements with poor road networks has made them the preferred choice for mobility and access in both urban and rural areas. This will ease the movement of people by connecting them to their daily business and social networks. Because of manoeuvrability, two-wheeler and three-wheeler have not only lessened the distances travelled but also provided employment to many young people to operate as riders, either with owned or hired.
The Land (Amendment) Bill, 2022	First read on 15/02/2023	This Bill, therefore, seeks to provide for the registration of public land. The Bill does not delegate legislative powers neither does it limit fundamental rights and freedoms. The Bill seeks to amend the Land Act so as to provide for the registration of public land and land set aside for a public purpose.	Currently, certificates of title are not issued with respect to public land and as a result, grabbing of public land has been an ongoing issue that requires legislation. If passed into law it will curb the issue of grabbing public land.
The Finance Bill, 2023	Assented into law on 26 th June 2023. However, a court order was issued barring implementation of the Act. File placed before the Chief Justice to constitute a bench for the hearing of the Petition lodged in relation to the operationalization of the Act.	The bill is introduced annually in parliament to amend various tax laws to capture changes in the tax law.	Taxes are a huge aspect of the cost of doing business, hence it is important for developers to lobby for tax rebates in light of the current state of the economy, and keep track of any developments in the taxation regime for the new financial year

<p><i>The County Governments (Revenue Raising Process) Bill, 2023</i></p>	<p>First read on 04/05/2023</p>	<p>The Bill seeks to provide for the process to be followed by county governments in the exercise of their power under Articles 209 and 210 of the Constitution to impose, vary or waive taxes, fees, levies and other charges;</p>	<ol style="list-style-type: none"> 1. Competitive disadvantages: If county governments have the power to vary taxes or charges, it can create disparities between different counties. Some counties may impose lower taxes or fees to attract businesses, while others may choose to increase them. This could create a competitive disadvantage for businesses operating in higher-tax counties, potentially leading to shifts in business locations and investment patterns. 2. Uncertainty and planning challenges: When county governments have the authority to change taxes and charges, it introduces an element of uncertainty for businesses. Long-term planning and investment decisions may become more challenging, as businesses need to consider the potential impact of future changes in county-level taxation policies.
